*“Studying The Master of Environmental Management at the University of Queensland has equipped me with the requisite contemporary knowledge and skills to handle real life environmental challenges. I had the freedom to choose the courses that align with my preferences and future aspirations in sustainability and conservation.*”

I think the most important skill I was taught at the University of Queensland is critical thinking as most courses focus on interrogation of theories, principles and real-life situations to come up with sustainable solutions. Working within the space of Environmental Management Consultancy, application of critical thinking has come in handy when handling novel environmental management issues.

I also enjoyed the prestige of studying at a highly ranked university globally with top notch lecturers and researchers, facilities and study spaces. The University of Queensland is truly an international university with students from all over the globe making it easy for anyone to easily integrate. The University of Queensland was everything I expected and more....”

# The perfect place to study

Brisbane's population is 2.57 million

**We offer one of the best campus experiences in the world in a location renowned for its relaxed and safe lifestyle, subtropical climate, and vibrant and diverse culture.**

## Brisbane

Brisbane (Meanjin), the home of UQ's St Lucia, Herston and Dutton Park campuses, is the capital city of the state of Queensland and its economic and cultural hub. Innovative and progressive, the city is a thriving global centre in Asia-Pacific for business, investment, technology, major events, and education. It is also home to over 200 nationalities and 220 languages. As one of Australia's fastest-growing capital cities, Brisbane has unstoppable momentum and is embracing opportunity.

## Entertainment and events

Brisbane has a thriving live music scene that can be discovered in Fortitude Valley and West End. It is also home to BIGSOUND, the southern hemisphere's biggest new music festival and industry gathering. For comedy, live theatre and dance, head to the Brisbane Powerhouse and the Queensland Performing Arts Centre (QPAC). The expansive Queensland Art Gallery and Gallery of Modern Art (QAGOMA) consistently ranks among the most visited Australian art museums and keep an eye out for the Brisbane Festival that attracts artists from across the globe. The city also hosts a calendar of seasonal events that celebrate our cultural diversity, such as BrisAsia Festival, Holi Festival of Colours, Paniyiri Greek Festival and more.

## Sport

Brisbane's amazing weather and top-tier sporting facilities make physical activity a must.

Kayak along the Brisbane River, rock climb your way to the top of the Kangaroo Point Cliffs, ride along

kilometres of scenic riverside cycle paths or participate in the extensive social sport opportunities available across Brisbane. If you prefer to spectate, cheer for your team with crowds up to 50,000 strong at a rugby union, rugby league, cricket, 'Aussie Rules' football, tennis, or soccer match at one of our world-famous sporting stadiums.

## Food

With a third of Brisbane's population born overseas, you can find cuisine from almost every culture. From affordable lunchtime and 'Cheap Tuesday' offers, to reasonably priced cafes, pubs and farmers' markets, to award-winning fine dining restaurants - there is a lot to choose from and plenty of new culinary experiences to be had. Coffee culture in Australia is renowned for its quality and you won't be disappointed with how Brisbane's cafes serve up your morning brew. If you want to enjoy alfresco dining on a budget, you can always enjoy a picnic with friends and use the city's free barbecue facilities in one of our scenic parks by the river.

### Around Brisbane

When you want to head out of the city, there is plenty to discover. Go south for the famous golden sands of the Gold Coast and Byron Bay; north for the unspoilt beaches of the Sunshine Coast, the world's oldest rainforest, and the majestic Great Barrier Reef; west for charming outback towns; or east for the spectacular Mulgumpin (Moreton Island), Minjerribah (Stradbroke Island) and K'gari (Fraser Island). Sydney, Cairns and Melbourne are all short flights away. There is so much to explore on your doorstep.

### Gatton

Gatton, the largest town in South-East Queensland's Lockyer Valley, is the home of UQ's Gatton campus. Bordered by unspoilt mountain ranges and located only one hour's drive from Brisbane, Gatton has a culturally diverse population of approximately 6,000 people. UQ Gatton students enjoy a laid-back, country lifestyle in a close-knit community.

*“During my Master of Governance and Public Policy (MGPP) course at the University of Queensland (UQ), one of the most fascinating experiences was my internship with the Queensland Government.*

This opportunity not only honed my professional skills but also provided me with a deep understanding of governmental operations. Having worked for the government in my home country for eight years, I found this experience particularly enriching as it allowed me to compare and contrast the workings of different governmental systems. This hands-on exposure has greatly enhanced my practical knowledge and broadened my perspective. Choosing UQ and the MGPP program has undoubtedly been a worthwhile decision, significantly contributing to my professional growth.”

*“Studying Communication for Social Change (CSC) at UQ has been an incredible experience, especially as UQ is the only university in Australia offering this field of study.”*

CSC equips development and humanitarian workers with the expertise to drive positive change through communication processes and methods. The supportive lecturers, tutors, peers, and enriching study environment have provided me with practical knowledge and skills to facilitate social inclusion, participation, and community empowerment.”
